The Power of a Team

## A History of Growth

Over the past three decades Sargent Trucking has strategically grown, merged and solidified partnerships to be a stronger team in serving our client base.

Rest assured that through our affiliations, we have built financial stability, fleet availability and flexibility to serve a wide range of customers.

In March of 2007 Sargent Trucking was merged with Roadrunner Transportation Services (RRTS), a \$500 Million non asset based Transportation Company, headquartered out of Milwaukee Wisconsin, which specializes in Less Than Truckload Movements (LTL). In March of 2008 the Roadrunner-Sargent entity also acquired Group Transportation Services (GTS) a Third Party Logistics Company (3PL), domiciled out of the Cleveland, Ohio, metro area, that specializes in Outsourced Transportation Management Solutions (TMS).

Now under the corporate umbrella of Roadrunner Transportation Services Holdings, Inc., Sargent, Roadrunner and Group Transportation, combine for approximately \$750 million in revenue.
